ok thanks

Let's just consolidate reporting and accounting and let xrp breathe

Good morning Chris,

We are going to pause the bots and monitor until tomorrow. (We haven't done any tactical in 2 days.)

Please advise if you are OK with this?

Regards,

Hello [REDACTED]

4t bot would need a refill to continue selling.

The sales have been very good these last days. Still  
consolidating the sales with payments and should be able to  
process a payout today.

Kind regards,
